Objective

Full-stack web developer with hands-on experience in the **MERN stack (MongoDB, Express.js, React.js, Node.js)** and modern tools like **Tailwind CSS**. I'm eager to work on real projects, tackle practical challenges, and grow by learning and collaborating in a development-focused role.

Skills

- **Languages:** Java, JavaScript, Basic SQL
- **Web Development:** MERN Stack (MongoDB, Express.js, React.js, Node.js), Tailwind CSS
- **Backend:** REST API development, Express.js, MongoDB
- **Version Control:** Git, GitHub
- **Other:** Data Structures & Algorithms, Linux (basic terminal usage)

Education

Institute of Engineering & Science, IPS Academy, Indore

Aug 2021 – May 2025

Bachelor of Technology in Computer Science and Engineering (Specialization: IoT)

Experience

Internship, Ypsilon IT Solutions Pvt Ltd – Indore, Madhya Pradesh

May 2023 – July 2023

- Contributed to the development of a **Flight Reservation System**, implementing backend functionality using **Java, JSP, Servlets, MySQL, and SQL**.
- Developed clean, responsive user interfaces using **HTML, CSS, and JavaScript**, enhancing overall user experience and accessibility.
- Collaborated with a cross-functional team to deliver production-ready modules, fix bugs, and ensure smooth feature integration.

Projects

TasteBite – Food Ordering Website

- Developed a responsive food ordering platform using the **MERN stack** and **Tailwind CSS**, featuring a clean and modern UI.
- Implemented **OTP-based authentication**, cart functionality, order history, and secure **Stripe** payment integration.
- Built an **admin dashboard** to manage food items, categories, and track customer orders in real-time.

HireShell – Remote Interview Web App

- Built a full-stack remote interview platform with **role-based dashboards** for Candidates and Interviewers using **Clerk** authentication.
- Integrated **video calling** via Stream, real-time data sync with **Convex**, and support for interview scheduling and live status tracking.
- Enabled features like **screen recording playback**, candidate evaluations, and session history for a complete interview workflow.
